

RESOLUTION NO. 87-7

RESOLUTION OF THE MENDOCINO COUNTY LOCAL AGENCY FORMATION
COMMISSION ADOPTING A NEGATIVE DECLARATION AND
APPROVING GEORGIA-PACIFIC RESIN ANNEXATION

TO THE Ukiah Valley Sanitation District

LAFCO FILE # 87-5

WHEREAS, a proposal for the proposed annexation of certain territory to the Ukiah Valley Sanitation District has been filed with the Executive Officer of this Local Agency Formation Commission pursuant to Title 5, Division 3, commencing with Section 56000 of the Government Code; and ,

WHEREAS, the Executive Officer has reviewed the proposal and prepared a report, including his recommendation thereon, the proposal and report having been presented to, and considered by this Commission; and,

WHEREAS, it has been determined to the satisfaction of this Commission that all owners of land included in the proposal consent to this annexation; and,

WHEREAS, this Commission called for and held a public hearing on the proposal on November 16, 1987 and at the hearing this Commission heard and received all oral and written protests, all persons present were given an opportunity to hear and be heard with respect to this proposal and the report of the Executive Officer.

NOW, THEREFORE, the Mendocino Local Agency Formation Commission DOES HEREBY RESOLVE, DETERMINE AND ORDER AS FOLLOWS:

1. That a Negative Declaration has been adopted.
2. The proposal is hereby approved/denied subject to the conditions and terms being identified in Exhibit A.

NEGATIVE DECLARATION

For Review By Interested Agencies and the Public in Accordance with the Mendocino County Environmental Review Guidelines and the California Environmental Quality Act, an analysis has been made of possible environmental impacts of the following project by the Local Agency Formation Staff:

APPLICANT:

FILE 87-5

Gary Akerstrom, El Dorado Estates Corporation

PROJECT TITLE & DESCRIPTION:

Georgia-Pacific Resin Annexation to Ukiah Valley Sanitation District

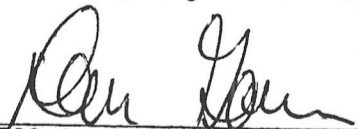

PROJECT LOCATION:

12 acres located on the east side of the Northwestern Pacific Railroad Line, just north of the Hollow Tree Road

FINDINGS WHICH SUPPORT A NEGATIVE DECLARATION: After conducting an Initial Study, the Lead Agency has determined that the project will not have a significant, substantial adverse effect on the environment for the following reasons:

1. The project will not have impacts which have the potential to degrade the quality of the environment or curtail the range of the environment.
2. The project will not have impacts which achieve short-term, to the disadvantage of long-term, environmental goals. A short-term impact on the environment is one which occurs in a relatively brief, definite period of time while long-term impacts will endure well into the future.
3. The project will not have impacts which are individually limited, but cumulatively considerable. A project may affect two or more separate resources where the impact of each resource is relatively small. If the effect of the total of those impacts on the environment is significant, and EIR must be prepared. This mandatory finding of significance does not apply to two or more separate projects where the impact of each is insignificant.
4. The environmental effects of a project will not cause substantial adverse effects on human beings, either directly or indirectly.

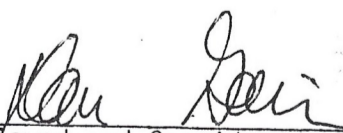

Attached hereto is a copy of the Initial Study documenting reasons to support the above findings. Also attached are any mitigation measures proposed to avoid potentially significant effects.
